

CppTimer

```
graph BT; A[drumpi::clock::Clock] --> B[CppTimer];
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box labeled 'drumpi::clock::Clock'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'CppTimer'. The arrow indicates that 'drumpi::clock::Clock' inherits from 'CppTimer'.

drumpi::clock::Clock
